BANK COMPLETES REMODELLING

--
The Freeland State Bank recently completed its remodelling and modernization. The newly paved parking lot adjoining the building, former site of the Town Shop, which was razed for bank parking purposes, has without a doubt greatly relieved the heavy traffic congestion evident especially each Saturday morning in front of the bank. The latest addition, the Drive-In Window on the east side of the bank, in the lot, helps to speed service to the customers. The entrance is on Washington Street and the exit on Main St.

With the moving of the Post Office to the Community Building, the bank has added 1,500 square feet of space for their operations. Of this extra space, one large room is utilized for processing, book-keeping and the many other sundry tasks entailed in our modern banking system. The remainder of the space is

now an attractive Board Room, furnished and decorated very attractively. Another fine addition, which is enjoyed by the public is the new clock on the outside of the building giving the time and temperature every few seconds throughout the day.

FREELAND FRONTIER DAYS

Freeland Frontier Days, 1963, is now history. The project produced a gross revenue of \$8,100, and a net return of \$2,149.81 with state taxes remaining to be paid. As you are aware, 50% of the net profit will go to the Freeland Athletic Association to further their work in the football field lighting program and the remaining 50% will go to the Freeland Lions Club and will be placed in their College Scholarship Loan Fund. We are aware that there may be some concern regarding the net return of the project in relation to the gross return. We can assure you that

there has been no mis-handling of funds or irrational spending. When this project was set up, it was decided by the Executive Committee to give to the people who attended their money's worth. I feel, in my own mind, that we accomplished this goal to the best of our ability. You must remember that this is the first project of this type that has been held in Freeland. Therefore, experience was lacking; in fact, it was actually non-existent. Thus, one of the major returns of this project was experience, on which no monetary value can be placed, but which will make itself felt in succeeding years if it is decided to carry the project on. In addition, there were several portions of the project that entailed financial expenditures and no financial return. For example, (1) the programming of the various attractions, i.e., sky diving, go-kart races, indian dances, square

<p>dancing, teen-age dancing, adult and child competitions, soft ball games, fireworks, etc., which were promoted solely for the entertainment of the spectators; (2) insurances, bonds, and licenses, which ran in excess of \$450.00 (3) legal fees for incorporation of the project, etc. There were also rental fees on the booths, tent, and equipment that ran well over \$300.00. The rides, which were contracted on an 80-20% basis, were responsible for over \$1600.00 of the gross income. The cost of electrical equipment and service, which can be used in future years, was responsible for an expenditure of over \$300.00. Thus, from the foregoing, and considering that there were food bills, prizes to be paid for, beverages to be paid for, advertising, printing, and other miscellaneous expenses to be paid for, that the net return is not as unreasonable as it may first have seemed.</p> <p>In promoting such an extensive project as Freeland Frontier Days, there is a tremendous amount of time, effort, work, personal sacrifice</p>	<p>and personal expense, both in actual money and time away from one's job, devoted to making such a project a success. I would like to offer my personal thanks to the members of the Executive Committee, Fred Thomas and Howard Smith, Co-Chairmen, Wally Green, Secretary, and Hugh Timmons, Treasurer. Also, the committee chairmen as very deserving of plaudits for the fine work that they performed; Dan Craig (Site & Arrangements); Wally Green and Henry Burk (Electrical); Joe Neuenfeldt and Fred Thomas (Carnival); Tom Smith and Fritz Oyen (Public Relations and Advertising); Dick Ault and Bob Young (Program & Theme) Joe R. Graves and Don Gilmour (Beverage & Police); Hugh Timmons & Russ Strayer (Financial); and Dick Bayne (Employment). Also, to all the members of the Freeland Athletic Association and the Freeland Lions Club who worked to make the project a success.

However, my most sincere appreciation and thanks go to the many people of the community that worked so hard on behalf of the project; We had to count on your help and it certainly was not lacking. I certainly do not feel that any of the members of the organizations are deserving of special recognition because we took these tasks upon ourselves when we decided to sponsor Freeland Frontier Days; but to each and every one of you, the men, women, boys, and girls, who gave so freely of their time and ability, do go the special plaudits and

The Freeland Little League All-Star Team will be playing in the District Tournament in Bay City, at Southwest Field, 305 Crump St., Friday, July 19th at 1 p.m. Our Little League has a fine team and as in any field of sport, local support is essential for high team morale. The boys will be watching for their cheering section, so if you're free, be sure to fill up your car with Freeland Fans and head for Bay City. Two more games are scheduled for the winning teams with the final one being played in Alpena.

Card of thanks

--

Now recuperating at home, Mr. Herbert Beach wishes to thank the ministers for their calls to the hospital, cards, and flowers from the church.

recognition on behalf of every member of the Freeland Athletic Association and Freeland Lions Club for making the initial Freeland Frontier Days not only a financial success but also a community effort success. It is the utmost desire of the Executive Committee that we will be able to interest the other organizations of the community in Freeland Frontier Days and, by incorporating them into the project, that we will be able to provide a "Bigger and Better" Freeland Frontier Days in the future.....

Miss Marian Rossow,
daughter of Mr. and Mrs.
Everett Rossow, and
Dale M. Dymond.

knows who they are. A
mother dedicates her
son or her daughter to
a noble cause; a wife
gives loving help and
guidance to her husband;
a friend, with a smile
or a pat on the back,
says "you can do it" or
"I am with you!" Minist-
ers and priests dedi-
cate their lives to the
cause of making the
world better and people
happier. How often do
we express our appre-
ciation for their con-
secrated efforts?

Then there are those
who work thru civic
organizations without
pay and sometimes in
spite of criticism to
make the community a

better and more beauti-
ful place in which to
live. We have the Com-
munity Council, the Farm
Bureau, the Garden Clubs,
the Planning Commis-
sion, the Lions, the
School Athletic Club,
the Little League, the
Boy Scouts, the Girl
Scouts, the Rebekahs,
the Women's Study Club,
the Firemen, the Band
Boosters and the var-
ious church organiza-
tions or societies. There
are probably more that
I don't at the moment
think of. The folk that
make up the personnel
of these various groups
are giving of their time
and talents for a good
cause without any thought
of remuneration.

Who is doing the most?
I doubt that it matters.
The very important fact
is that civic and soc-
ial minded people are
working together to
help make our homes, our
schools, our churches
and our governmental
agencies better places
in which to live. A
United States Supreme
Court Justice said one
time that "Life without
effort is doing our
nation more harm than
any threat from with-
out."
